“From Here to There, The Twists and Turns of a Plant Breeding Career”

Do you wonder how people arrived at the plant breeding careers they have? How much of it was planned? What has surprised them? What choices have they had to make along the way?

Whether you’re just beginning to blaze your own career path or somewhere farther down the road, join the NAPB Early Career Working Group as we interview Dr. Neha Kothari of Cotton Inc., and Dr. Rachel Vonn and Dr. Jeffrey Dunne of North Carolina State University about Plant Breeding careers and their thoughts on the future of Plant Breeding.

Please mark your calendars for the following webinar:

Tuesday April 30th 1-2pm CST (11am-12pm PST)

To be interviewed:

Dr. Neha Kothari, Associate Director: Fiber Quality, Cotton Incorporated

Dr. Rachel Vonn, Assistant Professor and Extension Soybean Specialist, North Carolina State Univ.

Dr. Jeffrey Dunne, Assistant Professor, Peanut Breeding, North Carolina State Univ.
